FREE LABOR

ADDED TO OUR ALREADY DISCOUNTED WINTER RATES - FOR EVERY EIGHT HOURS OF LABOR, RECEIVE ONE HOUR FREE!

When you want your home looking its best, there is one thing you should always keep in mind. Who is the best? Since 1977 Painting With Pride has been striving to be the very best in your community. We have serviced over 8,000 satisfied customers and delivered the best quality workmanship in the trade. Our professional staff consists of over 100 years of combined experience. Our staff is very dedicated to their trade and gives personal attention to every job we complete, no matter how big or small.

If your "to do" list keeps growing, relax. Our "Buy The Hour" service lets you talk to someone who understands your needs and will customize your job to the standards you expect. We give you personalized service from start to finish. We let the homeowner take advantage of some of the biggest cost savings we have to offer.

You can expect our foremen to be experienced professional career painters with the highest workmanship skills available. Our team of qualified people starts with Kim, our office manager who will assist you on the phone with setting up a free estimate, explaining our services, and answering any questions you may have. Next is Greg, who started this business thirty years ago with the philosophy to always do the next right thing. Greg will come to your home and give you a free cost guesstimate as to how many men for how many days your project may take. If you choose Painting With Pride, you can expect the dependability of Jeff, Brian, or Evaristo to be at your home on time with a team of experienced helpers. You can expect a full service lettered van with all the needed tools and equipment to complete your job. The foreman will go over the scope of work with you and begin work. Each day you will be left a daily time sheet with total number of hours worked, hourly rate, materials used, and a brief description of work performed. Payment is made upon completion of the job to the homeowners' satisfaction.

In the winter, times get tough for everyone in our trade, but through all the discounts we offer to the community we never lower our quality of service or integrity. We believe our customers deserve excellent quality service all year round. To show our customers how much we appreciate them seeing us through another winter we would like to share the rewards with them. So from now until March 31, 2008 we are going to give one free hour of labor for every eight hours of discounted labor you receive.

Our Policies Include:

- No deposit or payment until the job is complete to your satisfaction
- No smoking in your home
- No loud radios
- Showing the utmost respect for your family and possessions

Our Services Include:

- Complete interior / exterior painting & staining
- Expert wallpaper removal
- Thorough preparation techniques
- Drywall & plaster repairs
- Carpentry repairs & odd jobs
- Power washing & deck sealing
