

NOW IS THE TIME

If you are reading this there is a pretty good possibility that we have already been to your home painting. There is an even better chance that you are one of our thousands of satisfied customers. We hope both are true. Your satisfaction has been most important to us for over twenty-five years now.

We are at the beginning of another year. Time goes by so fast. We are hoping to take the focus off spring and are making every effort to enjoy the winter. It's not always easy when faced with work shortages. I'll never get used to saying to men who work hard, want to work and are good at what they do that there just isn't any work to be done. I thank God that it doesn't last long and that he does provide for our needs. (Matthew 6:34) So while we put our trust in God we also have to do our part.

NOW IS THE TIME to get our best price of the year. For instance, if you are a previous customer you know our labor rate has been \$38.00 per man-hour over the past few years. We are now, until we get busy again (soon we hope), willing to cut our rate to \$30.00 per man-hour. That's almost 25% off the rate we must charge to run a legitimate, tax contributing, insured business. Same skilled, dedicated work force, same passion for our trade, and same quality materials.

So don't wait 'til spring when things return to normal and prices go up again - call us now. We would rather do it now at less cost to you than wait until we're busy and we can't cut costs.

Spread the word. Let your friends and families know "NOW IS THE TIME"!

Thank you for your past support. May God bless and protect you and all your loved ones.

Sincerely,

Gregory J. Anderson
